## **Magic Underworld Cenote**

Mondays: 2:00 pm to 6:00 pm • \$95 USD per person

We leave from the hotel at 2:00 pm on a short bus ride for an afternoon swim in an open sky cenote, a most beautiful natural formation with crystal clear waters. At the cenote, you can swim, relax, or jump into the water from a zip line! The cenote also has two natural jumping platforms—a lower one, or a 30-foot one for those more adventurous types.

You can also just hang out in the pleasant waters, observing all that's around you from the sun shadows on the cenote walls to the laughter of those splashing about in the water.

We will then head to the central square of Puerto Morelos, about 20 minutes away. This is a very pleasant, small “beach town” that is popular with both Mexicans and tourists alike seeking a quieter/less busy spot than Cancun. It has a long beach with restaurants and snack bars and lovely neighborhoods. You'll have free time to explore, enjoy amazing ice cream where our bus lets you off, get a bite to eat, and go shopping.

At 6:00 pm, our bus leaves Puerto Morelos to take you back to our hotel. Or you can stay in town and have dinner at one of the excellent seafront restaurants and return on your own to the hotel, which is only a 10-minute ride.

## Mercado 28 & Food Tour

Wednesdays: 2:00 pm to 8:00 pm • \$95 USD per person

We will go to the city of Cancun to visit popular afternoon and evening spots often not on the Cancun typical tourist itinerary. We will start at Mercado 28, one of the most popular markets in Cancun, where you can wander the 100+ market stalls, including Mexican souvenirs and crafts and articles made by local artists.

We will then go for a taco-tasting at one of Cancun's most traditional taquerias and enjoy 4 different homemade tacos, a variety of salsas, a side dish, and a drink. The restaurant is bright and cheery and has attractive murals by local artists.

Then we head off to Palapas Park hidden in the center of a quiet neighborhood. It is more of a "plaza" than a "park". Here you will observe the sights: families hanging out together, children playing and driving small-motorized cars, artisans selling their wares, and an array of local food and drink. We will stop at one of the many food vendors specializing in desserts for a regional treat.

Along the way, you'll learn of Cancun's history, from its early days to becoming Mexico's most popular vacation spot. Our guide will discuss how Cancun was chosen by the government as a major tourist destination and what life is like in Cancun today, including the impact of tourism and future development plans.
